

PHONE CONSULTATIONS

PURPOSE

Our purpose in offering phone consultations is to assist patients who can't make it in for an office visit.

FEES

As consultations and data gathering are a key part of our service, Dr. Pepi's fees for phone consultations are the same as for office visits. The receptionist will require your credit card number at the time of scheduling.

SCHEDULING

Please tell the receptionist exactly what you want the doctor to address so she can schedule appropriately.

If you call for your consultation and the doctor is still with a patient, please leave the reception-ist a phone number where we can reach you. We'll let you know as soon as she is available. You can then call back on our **phone consultation line: 323-666-2634**. (Please do not use this number except for phone consultations). Your consultation will begin when you are speaking with the doctor.

Dr. Anita Mary Pepi, D.C.
2950 Los Feliz Blvd, Ste. 101, Los Angeles, CA 90039
